

## 2011 BRONCOS COUNTRY CARAVAN TOUR KICKS OFF

**DENVER, Colo.** – The Denver Broncos have announced the schedule and cities for the second annual Broncos Country Caravan. The 2011 Caravan will be in Alamosa Saturday, June 25<sup>th</sup> at Cole Park with the official “City Celebration” scheduled from 1 – 3pm. Denver Broncos Cheerleaders, Broncos alum Ebenezer Ekuban and Miles the mascot are the featured guests. Through hospital visits, appearances at sponsor retail locations and a city celebration, the Broncos are excited to connect with Broncos fans throughout the San Luis Valley and Colorado.

“We’re very excited to bring this caravan to each of the nine cities in the coming weeks,” said Mac Freeman, Sr. Vice President of Business Development. “Broncos Country Caravan allows us to get out and thank our fans for their support and leave a lasting impression within each community. Spending a day in these communities who support us so passionately is extremely important to everyone in the Broncos organization.” The City Celebration is free and open to the public. Fans will meet the above personalities, see the Super Bowl trophies, play interactive games, win prizes and also take part in the Broncos Country flag signing. At each stop, one Broncos Country flag will be presented to the mayor of each town, and another will be signed by all those who attend the city celebration. That flag will be brought back and displayed at INVESCO Field at Mile High. New to the city celebration will be the Rocky Mountain Health Plans Combine, where fans will have a chance to participate in NFL combine activities such as the 40 yard dash, broad jump, and vertical jump. Fans can also sign a wellness pledge and enter to win a Broncos Dream Weekend or show their Rocky Mountain Health Plans member ID card to enter to win Broncos tickets. Colorado Department of Transportation will also have a booth at each city celebration encouraging fans to “Designate a Sober Driver”. The education effort is part of the “100 Days of Heat” DUI awareness campaign.
